**360° service for you
and your customers.**

[Thanks to customised solutions with servicepool.]

organise. emphasise. fascinate.

With these values, bluepool transforms your fairs and events into unique worlds of experience.

We are now expanding our portfolio to ensure we are better equipped to meet our customers' demands for a 360° service for their event. The new **servicepool** department will provide you with the usual professional advice and support throughout the entire planning process.

Something special is created when experience fuses with passion.

Consultation

servicepool provides you with the best advice from the idea to evaluation. Our customised solutions turn your event into a unique experience! Target group definition and platform research, detailed planning and efficient execution – everything from one place thanks to **servicepool** from bluepool.

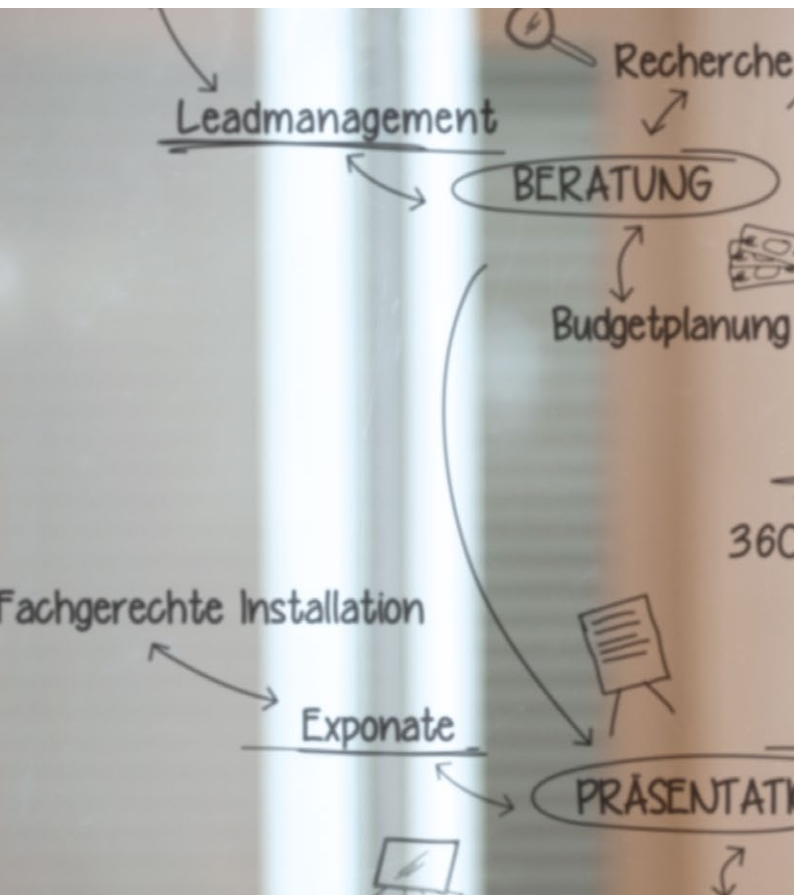

Coordination

servicepool coordinates all the factors of a perfect event for you. Whether that's communicating with service providers and exhibition organisers, travel logistics or attendee management – **servicepool** takes care of the time-intensive organisation for you, so you have more time for your core expertise.

Presentation

servicepool puts your products in the spotlight. Our experienced technicians not only handle local installation of your exhibits, but will also train your stand personnel. There is a skilled team at your disposal to meet your needs thanks to the experts from **servicepool**.
